The screenshot displays the Aviation Weather Center's 'Observations' page. The main map shows North America with various weather stations marked by circular icons containing numbers. Radar echoes are visible as green and yellow areas, particularly in the central and eastern United States. The map includes labels for major cities, airports, and geographical features. The bottom of the screen shows a navigation bar with a timestamp '0954 UTC Sun 16 Aug 2026' and a legend icon.
