The screenshot displays the Aviation Weather Center's 'Observations' page. The main map shows North America with a grid of weather observations. Key features include:

- Map Title:** 'Observations' in large blue text at the top left.
- Map Content:** A map of North America showing weather stations (indicated by numbers and letters like KATL, KJFK, KDFW) and radar data (indicated by green and yellow areas). The map includes labels for major cities, airports, and geographical features like the Gulf of Mexico and the Atlantic Ocean.
- Legend:** A legend is located in the bottom right corner, showing symbols for different weather conditions.
- Time/Date:** The bottom center of the map displays the time and date: '0715 UTC Wed 30 Sep 2026'.
- Navigation:** The bottom of the map has navigation controls, including a compass and a scale bar.
